Document Title:	2009 Pre Trade Expression of Interest Form	

GAGAL PRE TRADE PROGRAM

The GAGAL Pre Trade Program provides training to Year 11 & 12 students interested in trade related careers. The program has been designed in conjunction with real life industry expectations and thus supports successful transition into traineeships and apprenticeships. Year 11 & 12 students are provided the opportunity to complete a Certificate II in Engineering or Certificate II in General Construction. Students interested in automotive, construction, plumbing, electrical and painting trade areas are also encouraged to enrol in the GAGAL Pre Trade Program.

Individual Training Plans will be negotiated for each student to cater for inclusion in their school academic history.

Program Structure:

School Term 1 day / week Structured Vocational Placement
 1 day / week Accredited Training at GAGAL
 3 days / week School – English, Mathematics and Science (negotiated with school)

School Holidays Students may be required to undertake scheduled Training during the school holidays. (Training dates will be advised.)

Application Process:

- Complete the attached Expression of Interest and submit to GAGAL.
- Attend Aptitude Testing & Interviews (timeframes to be advised)
- Attend Industry Induction Blue Card Training at GAGAL
- Attend full GAGAL Projects Participant Induction
- Attend Vocational Placement
- Attend Induction / Information evening with Parent / Guardian

Students will obtain:

- Subject selections of English, Mathematics and Science contribute to QCE.
- Statement of Attainment or a Certificate from Registered Training Organisation (RTO) indicating level of competency.
- Structured Work placements where students gain 'employability skills'.

Recommendations

Students are encouraged to maintain a Sound Achievement level for all school subjects. A desire to obtain an Australian School Based Apprenticeship or fully indentured apprenticeship in preferred trade area is ideal.

Students are encouraged to apply for advertised apprenticeships and support is provided for the application process. Many students gain full time apprenticeships as a result of their Structured Work Placements.
